Objective

I'm an adventure environmentalist. I love the outdoors, new experiences, and traveling. Over the past six years I have been a professional skydiver in Hawaii, Utah & California. I am seeking a sponsorship to promote extreme air sports and inspire awareness to protect public lands and wildlife. I would like to explore entrepreneurship as well as expand my marketing skills with a commitment within a company. I currently live in Utah and travel the world in search of advanced human flight.

Jump Experience

Current Skydives: 3550

August 2009-Present

My jump history includes 200 instructional jumps, 400 wingsuit jumps, the rest are filming tandems and fun jumps. I am an Accelerated freefall instructor at Skydive Utah and taught over 30 ground schools. I have 7 hours in the wind tunnel and time coaching others in the tunnel. In 2014, I did skydiving stunt work for the Japanese pop band 'Boom Boom Satellites' in the music video "Nine".

BASE Jumps: 405

September 2012-Present

I started BASE jumping four years ago and wingsuit BASE three years ago. In 2015, I traveled to Switzerland, Italy & France to fly my wingsuit. I returned to France this spring and jumped two of the most technical wingsuit jumps in the world. I am the second woman in the world to complete a wingsuit jump in Moab, Utah. I attended the invitational wingsuit event in China called Wings for Love in 2015 and worked as an intern. I love to fly my wingsuit and mentor women entering the sport. I'm an avid environmentalist and protecting public lands is a huge platform in my life.

Paraglide Flights: 100

November 2013-Present

I received my paragliding license; P2 in 2012 and I remain a current member of the United States Hangglider & Paraglider Association. I paraglide with a Fluid wing and speedride in the backcountry during the winter.

Education

University of Utah

Bachelor's Degree 2009-2011

I graduated Magna Cum Laude with a major in Environment Science and minor in Spanish Language. After university, I moved to Hawaii and worked my way up at Skydive Hawaii from manifest agent, to video editor and eventually became a full-time camera flyer. In 2014, I moved to Utah to work as an AFF instructor and fly video for Skydive Utah, where I can BASE jump in my backyard.

Skills

- ❖ Fluent in Spanish and speak French conversationally
- ❖ Proficient in latest versions of Microsoft Word, Excel, PowerPoint & I Movie
- ❖ Avid paraglider, skydiver, skier, coach & yogi
- ❖ Facilitator in energy healing called "Access Consciousness"
